

PYE

HAND TOOLS

Our Company is a family-owned business entity established in 1983. **Mr. B.S. Sehgal (Managing Director)**, a fore-sighted person, along with his three sons share responsibilities in different functional areas and work together as a team with focused and target-oriented approach. **Mr. Pankaj Sehgal** looks after **Sales & Marketing** in established Authorized Dealership network within India. **Mr. Anoop Sehgal** handles **Technical Operations** and **Mr. Gaurav Sehgal** who is the youngest - a **Mechanical Engineer & MBA-Finance from Clark University, Massachusetts, United States of America**, looks after Overseas Operations of the Company. We are the largest manufacturers of Pliers and Screw Drivers in India. Over the period of time with continuous dedicated teamwork, the Company has expanded its product range with the development of sound infrastructure and strong business ties with its stakeholders. It is **An ISO 9001:2008 Certified Company by TUV Rheinland of Germany**. The Company uses exclusive quality raw materials to manufacture variety of Hand Tools. The Company is registered with several government departments including **Ministry of Defense (India) - Directorate General of Quality & Assurance (DGQ&A)**. Our constant emphasis is on producing high quality and cost-competitive products in a safe and motivating work environment ensuring absolute trust in our brand **PYE**. The Company boast of an established network of around **500 Authorized Dealers** spread all across India, with a minor share of revenues from overseas markets such as Middle East, Confederation of Independent States (CIS) and United States of America. Our motto is to strive for excellence in all spheres through dedicated team work and technological up gradation while supporting the principle of continuous improvement. Increasing demand of **PYE** products is an indicator that our product quality has been approved by actual users in India as well as abroad.

VISION

To produce cost competitive and high quality tools in a safe and motivating work environment so that the brand PYE is perceived as the synonym of Quality Tools globally.

MISSION

To build confidence in end-users by providing them quality tools that increases their efficiency and extrapolates company's brand equity worldwide.

OUR CORE VALUES AND BELIEFS

Values and Beliefs guide actions of people in any Organization. The strong potential for growth and development of our Company rests on our following core Values & Beliefs:

- Honesty is the best policy and for us it more than a policy as it is well ingrained in every person adding value to daily operations of our Company.
- We consider Integrity as the key to success and it reflects clearly in our actions.
- We make commitments and try our level best to maintain negligible distance between our words and actions.
- We do respect the competition as we firmly believe that innovation blossoms in a competitive environment ultimately satisfying unknown needs of customers.
- We believe in long-term business cooperation and some of our stakeholders have been associated with us since the Company was founded.
- We believe that quality of our products and word of mouth advertising are effective advertising tools.
- We believe in taking great care of our environment and communities in which we operate and have complete sense of responsibility towards the society.
